Election/Restriction

- 1) Claims 9-14 and 22-28 are under prosecution in this application.
- 2) **Please Note:** In an effort to enhance communication with our customers and reduce processing time, Group 1640 is running a Fax Response Pilot for Written Restriction Requirements. A dedicated Fax machine is in place to receive your election responses. The Fax number is 703-308-4315. A Fax cover sheet is attached to this Office Action for your convenience. We encourage your participation in this Pilot program. If you have any questions or suggestions please contact Paula Hutzell, Ph.D., Supervisory Patent Examiner at Paula.Hutzell@uspto.gov or 703-308-4310. Thank you in advance for allowing us to enhance our customer service. Please limit the use of this dedicated Fax number to responses to Written Restrictions.
- 3) Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 22-28, drawn to the use of a species of *Coxiella* or one or more antigenic components therefrom in a the manufacture of a medicament, classified in class 424, subclass 234.1.
 - II. Claims 9-14, drawn to a method of prolonging survival of islet tissue transplanted into a mammal by administering a species of *Coxiella* or one or more antigenic components therefrom, classified in class 514, subclass 866.
- 4) Inventions I and II are distinct from one another. Invention I is directed to an *in vitro* method of using a species of *Coxiella* in the manufacture of a medicament, whereas invention II is drawn to an *in vivo* method of administration of a species of *Coxiella* for prolonging survival of islet tissue transplanted into a mammal. The methods are distinct from one another in method steps, parameters and/or reagents used, and the ultimate goals accomplished.

Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classifications/subclassifications and their recognized divergent subject matter, restriction for examination purposes as indicated is proper.
- 5) Applicants are advised that the response to this requirement to be complete must include
